Application No. 10/780,853

Continuation of Substance of Interview including description of the general nature of what was discussed:

On April 20, 2011, Examiner contacted Attorney Churilla and proposed amending claim 1 to include the limitation of claim 3 so that claim 1 would read "determining whether the other network devices have learned the source address when the source address has been learned by examining a learned all devices tag for the source address in the ARL table". Participants also discussed the rejection of claim 1 in the Office action dated November 8, 2010.

On April 21, 2011, Attorney Churilla accepted the proposed amendment and agreed to similar amendments to independent claims 8 and 14 and the cancellation of dependent claims 3, 10, and 16.
